- Chat log 03/14/2008 12:02PM

E00129: You sure about this place?

E00125: Look, they're one of the largest security agencies in the world.

E00125: They're giving us a prime location to put him. And they're promising a boatload of money, to be honest.

E00129: It's not about the money; you know that.

E00125: We can be like we once were in days. It'll be good for him, trust me.

E00129: I'm just afraid on how he'll react. He's been away for some time.

E00125: He'll be happy to be alive again. And this is a great opportunity to show off what he can do.

E00125: He's only filling a supporting role here; it'll give him time to get back up to speed.

E00125: And they're giving the three of us guaranteed jobs for at least a year.

E00129: Do I get the same level of access to him I did before?

E00125: Absolutely. Wouldn't have it any other way.

E00125: And he'll have the best support in the country by his side.

E00132: Woohoo!

* E00132 flexes

E00129: OK then. I trust you know what you're doing.

E00125: You know we can't keep him in a box forever.

E00129: The world can be a nasty place for those still learning to be part of it.

E00129: I don't want it to end like the last time.

E00125: He'll be fine. He's a big boy, after all.
